Returned with Compts

Shirinoga was chosen as a centre for training of Sanitary Inspectors to take up work in the malarial areas, and to demonstrate how the Compost preparation should be made under malarial conditions. The principal idea behind the request of the Bavanger Municipality appears to be that effective supervision should be available over the large scale work proceeding here. For this purpose a trained Compost Mantry may be posted to Bavanger there is no need to shift the training Centre itself.

Sir,

Subject:- Shifting training centre of compost scheme from Shimoga to Davangere.

In forwarding herewith letter No.H.C.33/44-45 dated the 1st September 1944 received from the President, Town Municipal Council. Davangere, on the above subject, I have the honour to state that the President reports that the Assistant Biochemist deputed by Government to train the Sanitary Inspectors, gave a practical demonstration and the Municipality has realised the advantages involved in the same. In view of the fact that Davangere Town is one of the huge industrial towns in the State and capable of supplying a larger quantity of waste material for conversion into compost than Shimoga town where the training centre is located, the Municipal Council, Davangere at its meeting held on the 28th ultimo has resolved that Govern-

Government may be requested to shift the compost centre to Davangere town and that the Council is prepared to afford necessary facilities to the - Department in this behalf.

In forwarding herewith a copy of the resolution of the Municipal Council in the matter, I request that Government may be pleased to accord sanction to the proposal of the Municipal Council.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
Chitaldrug District.

Sir,

Subject - Shifting Training Centre of Compost scheme from Shimoga to Davangere.

I have the honour to state that the Assistant Biochemist deputed by Government to train the Sanitary Inspectors of this Town Municipality stayed here for a fortnight to give them practical training.

He proved by practical demonstration to the entire satisfaction of the Municipal Council that the scheme will be a success if taken up by them

His practical demonstration for a fortnight has dispelled the doubts that the Municipal Council had entertained before commencement of the work about the success of the scheme In this connection it may be stated that Davangere being one of the huge industrial towns in the state is capable of supplying a larger quantity of waste material for conversion into compost than Shimoga town The Municipal Council now anticipates a substantial income from this source

In view of the above facts the Municipal Council desired, that the centre of training of Sanitary Inspectors in Compost work which has been recently opened at Shimoga be shifted to Davangere and has passed a resolution at its special general meeting held on 28-8-1944, requesting you kindly to obtain sanction of Government to shift the training centre of Compost scheme from Shimoga to Davangere The Municipal Council is

is prepared to give all the facilities required by the Department.

Sir,

With reference to your letter No. A6 533/44-45 of 19 9 (44) on the subject of shifting the training centre of Compost Scheme from Shimoga to Davangere, I am directed to state that Shimoga was chosen as a centre for the training of the Lady Inspectors, who have to take up the work in the malnad areas & to demonstrate how the Compost preparation should be made under malnad conditions. It does not therefore consider it necessary to change the centre from Shimoga to Davangere.

If the principal idea behind the request of the Davangere Municipality is that such a transfer would ensure effective supervision over the large scale work proceeding there, the question of

visiting a trained compost maistry
will be conducted.

No *Dated Bangalore,* 24th ctober 194 .

FROM

The Secretary to the Government of His Highness
the Maharaja of Mysore
Law Department.

To

The Deputy Commissioner,
Chitaldrug District, Chitaldrug.

Sir,

With reference to your letter No.[illegible]/41-42 dated the 1 .[illegible],1944 on the ~~above~~ subject of shifting the training Centre of compost scheme from Chinnadevanahalli to Davangere, I am directed to state that Chinnadevanahalli was chosen as a centre for the training of the Panchayat Inspectors, who have to take up the work in the adjacent areas and to see that the compost preparation should be made under their conditions. Government do not therefore consider it necessary to change the centre from Chinnadevanahalli to Davangere.

If the principal object of the request of the Davangere Town Municipal Council is that such a transfer would ensure effective supervision over the large scale compost proceedings there, the question of posting a trained compost Amin will be considered
